Sun, 09 Dec 2018 08:20:00 GMT the problem of political theory pdf - Game theory is the study of mathematical models of strategic interaction between rational decision-makers. It has applications in all fields of social science, as well as in logic and computer science. Originally, it addressed zero-sum games, in which one person's gains result in losses for the other participants. Today, game theory applies to a wide range of behavioral relations, and is now an ...  
Sat, 08 Dec 2018 04:46:00 GMT Game theory - Wikipedia - A wicked problem is a problem that is difficult or impossible to solve because of incomplete, contradictory, and changing requirements that are often difficult to recognize. The use of the term "wicked" here has come to denote resistance to resolution, rather than evil. Another definition is "a problem whose social complexity means that it has no determinable stopping point".

idea of society without a  
state appeals to many  
people, but, however  
enticing the idea, it is often  
dismissed as utopian. How  
could an anarchist society  
defend itself against large,  
centralized states? Defense,  
it has been alleged, cannot  
be adequately supplied by

the free market. It ...
